

# FOLEY FILED SAWS

## Increase Sawing Production

Your saws will cut faster and truer and stay sharp longer when filed on a Foley Saw Filer. The exclusive patented Foley jointing principal straightens up uneven teeth and makes them perfect in size, shape, spacing. That is why Foley-filed saws increase sawing production 25% to 40%. The Foley also cuts down filing time, saves on files and reduces saw breakage. Any man or boy can operate the

## FOLEY AUTO MATIC SAW FILER

The Foley Filer is the only machine that sharpens cross-cut circular saws 3" to 24" in diameter, band saws  $\frac{1}{8}$ " to  $4\frac{1}{2}$ " wide—all hand saws. The new Model F-16 is the perfected result of 40 years' experience in building saw filers.

**THOUSANDS IN USE** The Foley Saw Filer has proven its value and quality by many years of use on thousands of machines in service. Write direct to us for literature and prices.

## The Porter No. 203 SCD Shaper

Yes, sir! You can "sock" the work to it, you can *smother* it with loads, but try to make it "surrender" to the toughest jobs you have. Then give it a treat on a run where work-quality with fast feeds is the important thing.

You will see that the Porter No. 203 SCD shaper that drives from the 60 cycle power is the all-around shaper . . . substantially built in every detail . . . precisely made to give you perfect cuts.

You **can** make more money, you **can** give your customers a better looking job B-U-T it takes equipment like this to do it.
